VANCOUVER

Fairfields' exclusive formula  
for processing old woollens  
offers you

### A REAL MONEY-SAVING OPPORTUNITY!

It's easy and amazingly inexpensive to obtain lovely NEW all-wool products when you use the FAIRFIELD PLAN. Fairfields have perfected special machinery that:

- separates the strong wool fibres from your old, worn woollens
- cleans and further strengthens these fibres
- adds new sheep's wool
- fashions beautiful blankets and all-wool products that are NEW IN EVERY WAY!

The FAIRFIELD PLAN is famous from coast to coast with housewives who appreciate true economy. Don't miss this opportunity to obtain NEW blankets at a real saving. Save your old woollens—start today!

# HOW TO SHIP YOUR WOOLLENS

- ✓ It will be a great help to us in manufacturing and will speed up the return of your order if you will keep your white woollens, colored knitted woollens and woven woollens separate when you are packing them for shipment to us. (See Illustration at right.)
  
- ✓ Put your name and address on both the OUTSIDE and the INSIDE of your bag or parcel. BE SURE TO MARK THE OUTSIDE ADDRESS LABEL "RAGS FOR REWEAVING." Avoid using cartons or other heavy containers as they add to shipping charges.
  
- ✓ **IMPORTANT**—Ask your railway agent to weigh your shipment and tell you the cost of shipping by Freight and by Express—then ship the cheapest way. Be sure to obtain receipt or bill of lading at time of shipment. Send large shipments by Freight. Small shipments may be sent cheaper by Express or Mail.
  
- ✓ If not convenient to pay shipping charges, send your shipment collect. Do NOT enclose money or cheques in your parcel of woollens. We will ship your order to you C.O.D. immediately it is completed unless otherwise instructed. We do not accept woollens as payment on our manufacturing charges.
  
- ✓ Please give Order Number when making reference to any previous order.

# GROUP SHIPPIERS

- Organize your friends for Group Shipping—we pay incoming rail **FREIGHT** charges if you ship old woollens totalling 125 pounds or more (net weight excluding containers). We do not pay express charges.
- A premium is given with every order over \$50. Number and type of premiums given are based on value of order.
- Anyone can ship. We do not appoint agents.
- Be sure to put the name and address of the group shipper on the outside and also on the inside of your bag or parcel. Mail us a copy of your bill of lading with your order.
- Check prices in this catalogue for Blankets by Fairfields.—Do not pay more!

## VERY IMPORTANT

- Send only **WOOLLEN** articles, and send enough woollens for your order. Do NOT send carpets or articles made of cotton, rayon, felt.
- Be sure all your woollens are clean. Cut or tear off all linings, buttons, collars, cuffs, button-holes, pockets, zippers and seams. We can credit you only with the net weight of usable woollens. Do not cut garments into small pieces.
- Clean Sheep's Wool, Goat's Wool or Wool Batting can be used to make up the amount of material required, and will be classified as White Woollens, providing it has not been dyed. If you have a quantity of unused Sheep's Wool, write for our Sheep's Wool catalogue.
- Do NOT send yarn in balls. Loose unwound yarn is quite acceptable.
- Unusable material, containers, sacks, etc., will not be returned.
- We reserve the right to determine whether the materials you send to us are suitable for remaking into the articles shown in this catalogue.

### SAVE YOUR OLD WOOLLENS!
